

Dear Parents,

Year 3 have had a great week of chocolate themed learning. This Thursday was World Mental Health Day. We practised using calming techniques to support our understanding of Zones of Regulation.

Maths

In Maths the children continued to look at weight and mass. They practised estimating different objects around the classroom in grams and then weighing them to check how close they were. This helped them to understand the weight of different objects. They then compared different objects, predicting which would be heavier and lighter and then used the greater than and less than symbols to create sentences.

English

In English, the children began the week by writing their diary entries independently in the role of Charlie winning the golden ticket. They then looked at the character Willy Wonka. They thought about what type of person he was like and wrote adverbs and adjectives to describe him.

Other areas of the curriculum

The children look at the different types of human teeth and what they are used for. They labelled them on a diagram and wrote about which teeth they think are the most important.

Jewish Studies

This week in Jewish Studies, we learnt about the Issurim of Yom Kippur and prepared ourselves for the last day of the Asseret Yemey Teshuvah. We have also started our Sukkot learning, and we know that the Arbah Minim symbolise different body parts and we learnt how we can use our body parts to do Mitzvot.

Ivrit

Year 3 learnt the words: סוכה (succa), קיר (kir) wall, סכך (schach), פטיש (patish) hammer, מסמר (masmer) nail, בונה (boneh) build, and the phrase חג סוכות שמח (Chag Succot Same'ach) Happy festival of Succot.

The class started learning the song פטיש מסמר (Patish Masmer – hammer nail) which you can find on https://www.youtube.com/watch?v=o7D5sSpfk_4

Things to do at home

- <https://www.youtube.com/user/laughalongandlearn>. This is the times table song the children have been practising in class. This is great to help your child remember the facts.
- Next week, the children will be continuing to look at measuring in grams and kilograms. They will look at converting between the two and reading the scales. Please continue to expose your children to these forms of measurement.
- The children will be looking at different adverts and creating one for a sweet for Willy Wonka

Reminders

- The attendance this week was 97.69%. Weekly attendance needs to be over 96%.

- Please ensure that your child brings in his or her PE kit on Tuesdays and Wednesdays.
- Library books can be changed each week during our library session on Thursday. Please remind your child to bring in his or her library book.
- School reading books will be changed on a Monday and Thursday. Please continue to read with your child and ask them questions to develop their comprehension skills.

Shabbat Shalom,
The Year 3 Team
