

Dear Parents,

English

In English this week, we have read classic and narrative poems. The children have learnt about the features of both classic and narrative poetry and they have been asked to identify the features of them by looking at specific poems. We also learnt how to perform poetry; considering pace, rhythm, rhyme and tone. The children managed to identify different rhyme schemes in poems that they have read.

Maths

In Maths, we have started with a lesson on multiplying 2-digit numbers by other 2-digit numbers, which was a topic at which we also had a look last week. After this, we divided 2-digit numbers by 1-digit numbers as well as 3-digit numbers by 1-digit numbers following the short division method.

Science

In Science, we have learnt the names of the different parts of the ear and we had a look of the functions of each one of them.

DT

In DT, we have designed shelters using rulers to mark out the designs. We also wrote about the details of our designs.
