

Dear Parents

What a lovely sunny week we have had in Nursery! The children have loved spending as much time as possible outside, apart from when it was very hot!

The children have continued to enjoy learning about pirates and treasure. They used a PurpleMash on the interactive whiteboard to draw and colour in pictures of treasure chests and pirate ships. The children also used a programme on the iPad to turn themselves into a pirate.

On Monday the children had a Da Capo session with Sally. They love Sally's lessons and practised singing the songs that they are going to perform in a whole school Da Capo concert at the end of term.

The children have needed to cool down after lunch and have been enjoying 'Peace out' by cosmic kids on Youtube. They usually do cosmic kids yoga, however they have responded well to a lie down and some deep breathing. You can find the videos [here](#).

This week we have been reading lots of pirate picture books, the children's favourite story was 'Tim, Ted and the Pirates'. The children are going to make their own pirate stories next week.

The children have been learning and using positional language in Maths this week. We have been talking about where things are in the classroom and playing hide and seek using clues of where people are to help find them.

This week we have continued to learn the story of the Ugly Duckling in Hebrew. We have been learning some basic vocabulary and have been using our puppets to retell the story. We have also been creating a wonderful Shabbat display with all the items that we use and enjoy on Shabbat. The children really enjoyed painting and creating and mostly talking about their favourite parts of Shabbat. Challah was mentioned a lot! The children used Shabbat cookie cutters to paint lovely pictures with.

Shabbat Shalom

Miss Genn and Mrs Talisman
